

Vancouver, British Columbia--(Newsfile Corp. - July 23, 2020) - Thunderstruck Resources Ltd. (TSXV: AWE) (OTC: THURF) ("Thunderstruck" or the "**Company**") is pleased to announce that 5,197,000 warrants have been exercised at \$0.10, for total proceeds of \$519,700.00. This represents a 93% rate of conversion with the remaining 7% now expired.

This comes just a month after the company announced closing its \$1,050,450 private placement to commence drilling at its Liwa Creek Gold asset in Fiji ([see release](#) dated June 25, 2020).

"We again can't thank our shareholders enough for the vote of confidence in exercising this round of warrants," commented Thunderstruck President and CEO Bryce Bradley, "This gives us significantly more runway to strategically execute our exploration plans at Liwa."

The Company is also pleased to announce that it has entered into a strategic advisory agreement with Red Cloud Financial Services Inc. who will support the company to execute its new and aggressive corporate access strategy. As a kickoff to this program Red Cloud will be hosting a webinar featuring Thunderstruck on Wednesday July 29th at 2pm EST. To register please [click here](#).

About Red Cloud Financial Services Inc.

Red Cloud Financial Services is a globally oriented, resource-focused financial services platform which offers clients an extensive array of corporate access services including advisory,

marketing and media.

About Fiji

Viti Levu, the main island of Fiji, has a long mining history. It is on the prolific Pacific Ring of Fire, a trend that has produced numerous large deposits, including Porgera, Lihir and Grasberg. The island of Viti Levu hosts Namosi, held by a joint venture between Newcrest and Mitsubishi. Newcrest published Proven and Probable Reserves for Namosi of 1.3 billion tonnes at 0.37% Cu and 0.12 g/t Au (5.2M ounces Au and 4.9M tonnes Cu). Namosi is now undergoing environmental assessment as part of the permitting process. Lion One Metals is now developing its Tuvatu Project, with Indicated Resources of 1.1 million tonnes at 8.17 g/t Au (294,000 ounces Au), and Inferred Resources of 1.3 million tonnes at 10.6 g/t Au (445,000 ounces Au). The Vatukoula Gold Mine has been operating for 80 years, producing in excess of 7 million ounces.

About Thunderstruck Resources

Thunderstruck Resources is a Canadian mineral exploration company that has assembled extensive and highly prospective properties in Fiji on which recent and previous exploration has confirmed VMS, copper and precious metals mineralization. The Company provides investors with exposure to a diverse portfolio of exploration stage projects with potential for zinc, copper, gold and silver in a politically safe and stable jurisdiction. Thunderstruck trades on the Toronto Venture Exchange (TSX-V) under the symbol "AWE" and United States OTC under the symbol "THURF".
