

Vancouver, British Columbia--(Newsfile Corp. - April 10, 2023) - Thunderstruck Resources Ltd. (TSXV: AWE) (The "Company") wishes to announce that the private placement announced on March 20th, 2023 (<https://www.thunderstruck.ca/index.php/news/2023/197-non-brokered-private-placement>) has been cancelled.

In order to better finance the company, the board of directors has approved and authorized a consolidation of the company's issued and outstanding shares on a one new share for each five current shares (1 for 5) basis (the "Consolidation"). As a result, the 127,012,810 shares currently outstanding will be consolidated to 25,402,562 shares. The company will not be issuing fractional shares as a result of the consolidation. Instead, all fractional shares equal or greater to one-half will be rounded to the next whole share. The company's outstanding stock options and share purchase warrants will be adjusted upon completion of the consolidation on the same basis.

The company does not intend to change its name or seek a new stock trading symbol from the exchange in connection with the consolidation. The company's shares will continue to trade under the symbol "AWE". The post-consolidation common shares of the company will have a new CUSIP and ISIN number. The consolidation remains subject to the approval of the TSX-V.

A letter of transmittal will be sent to the registered shareholders providing instructions to surrender the share certificates evidencing their pre-consolidated common shares for replacement certificates representing the number of post-consolidated common shares they are entitled to as a result of the consolidation. Until surrendered, each certificate representing the pre-consolidated common shares will be deemed to represent the number of post-consolidated common shares of the company that the holder thereof is entitled to as a result of the consolidation.

In conjunction with the consolidation, the company announces a revised non-brokered private placement (the "Placement") to raise 2,062,500 dollars CDN for drilling and exploration programs on our 100% owned Fijian assets as well as for general working capital.

The placement involves the sale of 7,500,000 post-consolidation units at a price of .275. Each unit will comprise one post-consolidation common share and one full share purchase warrant. Each warrant will entitle the holder to purchase a further post-consolidation common share at a price of .75 for a period of 36 months. The post-consolidated warrants will be subject to accelerated exercise provisions such that if the closing price of the company's common shares exceeds 1.25 for a period of 20 consecutive trading days, the company may give notice of the acceleration of the warrants' term to a period of 30 days following such notice.

Finder's fees may be payable on all or any portion of the placement, which is subject to regulatory approval, including the approval of the TSX Venture Exchange.
